ANTHONY ANCHETA
Graphic Designer

ABOUT ME

I am a graphic design student studying at CSULA. I enjoy exploring and creating new designs and artistic strategies that I can include in my work whether it is personal or for a client.

I am open to new experiences and getting out of my comfort zone whether it be finding a new hobby or for my design work. I am always looking to gaining new knowledge and growing as a person and as a designer and always try to have fun while doing so.
